

### Potatoes

*Solanum tuberosum*

First domesticated in Peru. Following the conquest of the Inca Empire, the Spanish introduced the potato to Europe in the second half of the 16th century; it was subsequently conveyed by European mariners to territories throughout the world.

Baked potato

### Sorghum

*Sorghum bicolor*

Originated in North Africa; the fifth most important cereal crop grown in the world.

Sorghum roti

By Sarvagnya

### Taro

*Colocasia esculenta*

Probably first native to Malaysia. Estimates are that taro was in cultivation in tropical India before 5000 BCE, presumably coming from Malaysia.
