

# Join us at the 4th European i-Tree Conference & Urban ReLeaf Plenary Dundee, Scotland

Find out how data is being used across Europe to value our urban forests, engage communities, and secure funding for tree management and strategic planning.

Aimed at local authorities, consultants, NGOs, academics, students... and anyone else interested in urban forest data and how it can provide an evidence base for strategic planning.

Scan the QR code above or visit: [www.treeeconomics.co.uk/events](http://www.treeeconomics.co.uk/events)
